

TMAX Tech MAX

MAX is in details.

The TMAX story began when Yamaha designers decided to create a new kind of scooter offering the speed and roadholding of a motorcycle combined with the convenience and comfort of a scooter. With 25 years of development behind it, today's TMAX Tech MAX is the definitive Sport Scooter.

Yamaha's premium model has led the maxi scooter category for 25 years already. And the latest generation TMAX Tech MAX comes with a sharper looking face and advanced specification that reinforce its status as one of the most desirable, most capable and most stylish high performance Sport Scooters on the street.

Whether you're commuting to work, taking a day trip into the mountains or on a long-distance cruise, the 560cc TMAX Tech MAX is ready for anything. Its motorcycle-type chassis gets you there in comfort. And the new Tyre Pressure Monitoring System (TPMS) and rider aids give you a high degree of confidence and control, so you can relax and enjoy every road, every day.

- Electrically adjustable screen
- Heated grips and heated seat
- Rider's aids
- 560cc EURO5+ compliant engine
- Dynamic Sporty Design
- 7-inch TFT screen with Garmin Navigation
- Smartphone connectivity
- Comfortable ergonomics
- Machined wheels
- Lightweight aluminium frame
- Large storage space

MAX is in details.

TMAX Tech MAX is Yamaha's premium large capacity Sport Scooter with all the features of the TMAX plus more, making it an ideal choice for riders who are looking for the ultimate multi-role high-performance model. Equipped with dynamic dual-eye headlights and sleeker front bodywork, this iconic machine delivers a riding experience beyond compare.

Its powerful 560cc EURO5+ engine and refined automatic transmission make this Yamaha's fastest and smoothest Sport Scooter. The motorcycle-type aluminium chassis and adjustable suspension provide precision handling. And for supreme comfort the TMAX Tech MAX comes with a luxury heated seat, heated grips and an electronically adjustable screen.

For the highest degree of controllability the TMAX Tech MAX benefits from best-in-class electronic rider aids including a Brake Control system, as well as Cruise Control, Traction Control and 2-position D-MODE. And its connected 7-inch dash features free Garmin Navigation* to give you the best commuting, leisure and touring routes. (*Full map Garmin Navigation is available free of charge for eligible TMAX models but is not offered in all countries. Some navigation features are not available in all countries.)

TMAX Tech MAX

Electrically adjustable screen

With the highest standard specification of any Yamaha Sport Scooter, the TMAX Tech MAX is equipped to provide you with a luxurious ride all year round. Giving 110mm of movement, the electrically adjustable screen enables you to choose the ideal position to suit your physique and riding style.

Heated grips and heated seat

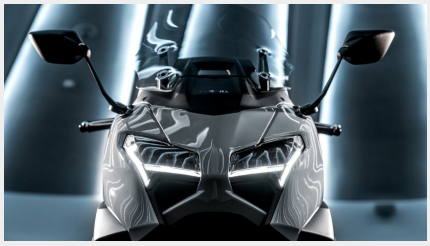
This premium Sport Scooter isn't just one of the best looking two wheelers on the street – it's also built to perform strongly wherever you choose to go. And to underline its genuine everyday functionality it is equipped with heated grips and a leather-look heated seat that provide you with enhanced riding comfort throughout the year.

Rider's aids

TMAX Tech MAX is equipped with an exclusive Cruise Control system that makes long journeys more enjoyable. Traction Control and Brake Control give added riding confidence on loose and wet surfaces – and the 2-position D-MODE lets you select smooth or sporty engine character options. And the TMAX Tech MAX is also equipped with a Tyre Pressure Monitoring System (TPMS) for added riding confidence.

560cc EURO5+ compliant engine

The TMAX Tech MAX is driven by a compact 560cc 2-cylinder engine that produces 35kW, giving smooth and powerful 'twist and go' performance. The latest design is fully EURO5+ compliant, making it ideal for commuting into city centres with low emission zones. A specially designed centrifugal clutch ensures that the fully automatic transmission delivers seamless acceleration – while the exhaust provides a quiet low rpm operation.



Dynamic sporty design

TMAX Tech MAX is continuously evolving, and the latest generation of this iconic machine features a restyled front end that underlines its dynamic good looks. The piercing dual-eye headlights and position lights – together with front bodywork – give a compact and sporty look, reaffirming this legendary model's status as the ultimate multi role Sport Scooter.

7-inch TFT screen with Garmin Navigation

The high tech 7-inch TFT screen gives you class leading HMI – a wide range of easy-to-read information, choice of meter theme and intuitive control of your TMAX Tech MAX features. Full-map Garmin Navigation* is now completely free of charge through the Garmin Motorize App*. With functionality like traffic, weather and POI's, you'll be fully informed on every journey. (*Full map Garmin Navigation is available free of charge for eligible TMAX models but is not offered in all countries. Some navigation features are not available in all countries.)

TMAX Tech MAX

Engine	
Engine type	4-stroke; Liquid-cooled; DOHC; 4-valves; Parallel twin-cylinder
Displacement	562 cc
Bore x stroke	70.0×73.0mm
Compression ratio	10.9:1
