

Yamaha Leisure ATVs

Exploration, a world of fun and a thrilling outdoor experience with friends - that's the promise of Yamaha's leisure range.

Choose from sporty models to long-distance trail models. From entry-level models to models for the more experienced. There's an ATV to everyone's liking and riding ability. Each ATV has the technology and ergonomics to tackle whatever nature throws at you so you can enjoy the outdoors in a relaxed and comfortable way.

And with our ATVs running low on fuel and requiring minimal maintenance, you and your fellow co-riders only have to plunge yourselves into the adventures ahead and make it an unforgettable experience.

- Независимо задно окачване
- Tool-free air filter box
- Херметична задна мокра спирачка
- Мултифункционален LCD информационен панел
- Интегрирани и здрави поставки за багаж
- Economical & low-maintenance
- Optimum ergonomics
- 421 куб.см. SOHC, 4-клапанов с водно охлаждане
- Ultramatic V-Belt transmission L/H/N/R/P
- Задвижваща система On-Command® 2WD/4WD/4WD блокировка на диференциала
- Върховното универсално ATV

Explore in comfort

No matter what you and your co-riders encounter on the trail, you'll do it in comfort with the Grizzly 450 EPS. This mid-sized all-rounder gives you smooth, low-effort handling on rough terrain, thanks to Electronic Power Steering and a special lightweight frame and tyres.

Its torque-heavy 421cc engine also packs enough punch for serious fun, whether it's hauling yourself through a muddy bog or racing each other through a grassy flatland.

It's fuel-efficient, low in maintenance and reliable til the end. Wherever you choose to ride, the agile and nimble Grizzly 450 EPS will get you there in comfort and style.

Powerful engine

Substantial power lies at the heart of the Grizzly 450 EPS. The liquid-cooled 421cc engine offers the kind of low-rpm torque whenever you need and wherever you need it. In addition, Ultramatic® transmission provides outstanding engine braking on even the steepest gradients.

Lightweight frame

The one-piece frame reduces weight as well as being a stronger and more rigid construction. It incorporates an extra-durable rear gear assembly, connected at three (rather than the normal two) separate points for best-ever protection against the strains of regular, heavy-duty use. A short, spring stabilizer bar offers increased support.

Electronic Power Steering (EPS)

On long days or in difficult terrain, EPS helps every rider of any body size. The system uses rider and wheel input to assist steering, provides feedback, prevents handlebar slaps and the high-output AC generator guarantees power supply in all conditions. The EPS is the same version as the Grizzly 700's but with a revised ECU mapping.

On-Command® drive system

Yamaha's push-button On-Command® 2WD/4WD system (with locked-differential 4WD) lets you switch between drive modes, giving near-instantaneous transition to adapt to changing riding and surface conditions.

Independent long-travel adjustable suspension

Long-travel suspension ensures tyres are in more consistent contact with the ground even on tricky terrain. The Grizzly 450 EPS double A-Arm front suspension and Independent Rear Suspension means it can adapt to all surfaces and offers massive ground clearance. Pre-load adjustability optimizes handling for all riders and loads.

Multi-disc wet braking

The durable sealed oil-bathed multi-disc brake setup protects the system from clogging by mud or stones thrown up during use. It provides strong and consistent stopping power and is easy to adjust.

Двигател	
Тип на двигателя	Едноцилиндров; с водно охлаждане; 4-тактов; SOHC; 2-клапанов
Кубатура	421КУБ
Диаметър x ход	84.5 x 75.0
Степен на сгъстяване	10.0 : 1
Мазилна уредба	Картер
Горивна система	Карбуратор BSR33/1
Запалителна система	DC-CDI
Стартерна система	Електрическа
Трансмисия	Ultramatic® V-образен ремък със спиране на всички колела от двигателя; H/L/N/R/P
Система на задвижване	On-Command® 2WD/4WD/блокировка на диференциала
Крайна предавка	Вал

Chassis	
Система на предното очакване	Независим двоен напречен носач; 5 позиционно предварително регулиране; 160 мм ход
Система на задното очакване	Независим двоен напречен носач; 5 позиционно предварително регулиране; 180 мм ход
Предна спирачка	Двоен хидравличен диск
Задна спирачка	Херметизирана многодискова система с маслена баня
Предни гуми	AT25x8-12
Задни гуми	AT25x10-12

Loading limits	
Преден багажник	40кг
Заден багажник	80кг

Dimensions

Обща дължина	1,993 мм
Обща ширина	1,093 мм
Обща височина	1,120 мм
Височина на седалката	840 мм
Колесна база	1,233 мм
Минимален просвет	245 мм
Минимален радиус на завиване	3.0м
Капацитет на горивен резервоар	15.0Литри
Капацитет на маслен резервоар	2.6Литри

Additional features

Система на управление	Електрически усилвател на кормилното управление тип Ackermann

Grizzly 450 EPS

ATVs with engines up to 70cc are recommended for use only by riders 6 years and older and always with adult supervision. ATVs with engines of 70 to 90cc are recommended only for use by riders 12 years and older, and always under adult supervision. ATVs with engines of 90cc or greater are recommended for use only by riders 16 years and older. ATVs are built to operate within their design limits. Safe towable weights, together with maximum carrying capacity are identified in the owner's manual if applicable. For durability, reliability, but most important of all, operator safety, under no circumstances should the recommended capacities be exceeded. Yamaha recommends that all ATV riders take an approved training course. For safety and training information, see your dealer or call your Yamaha Distributor in your country. ATVs can be hazardous to operate. For your safety: always avoid paved surfaces. ATVs are designed for unpaved surfaces only. Riding on paved surfaces may seriously affect handling and control and can cause loss of control. Always wear a helmet, eye protection and protective clothing. Never carry any passengers. Never engage in stunt riding. Riding and alcohol/drugs don't mix. Avoid excessive speed and be particularly careful on difficult terrain. Please 'tread lightly': always ride in a responsible manner, respecting the environment as well as country and local laws. The riders in this brochure are professionals: don't attempt to emulate them. The specification and appearance of Yamaha products will be varied from time to time without notice, and as shown here are illustrative only and are not a contractual description of products. Some models are shown with optional accessories. All ATVs come with a 12-month Limited Factory Warranty, except for Banshee, which carries a 90-day Limited Factory Warranty. See your dealer for details.
