

## Buster - the carefree choice

The most popular motorboat in the Nordic countries, Buster offers an extensive line-up of versatile, tough aluminium boats. The size and layout options cover the full spectrum of boating, from the demands of work - to the pleasures of recreation.

Our designs and quality are uncompromising. Our traditional craftsmanship renowned for generations. So the ruggedness, everyday practicality and seaworthiness of a Buster is already legendary.

Buster Boats is now very proud to be a part of Yamaha Motor Europe N.V. This exciting new partnership will enable us to work more closely together to develop and create ever more innovative products.

- Carefree
- Buster Q (10" screen version) as standard
- The Buster XL Pro is CE certified for 7 persons
- Fixed fuel tank - 100 litres
- Unsinkable
- Rainwater draining system
- Aluminium floor
- Trim tabs as standard

## For work and play on the water

The Buster XL Pro is the choice of the discerning boat owner. Robust and unsinkable, it is well-suited for professional use under the most extreme and demanding conditions. With the versatile options and many accessories available, you can equip the XL Pro according to your exact needs, whether professional or related to serious fishing.

The XL Pro is particularly designed with the fisherman in mind. The tough, solid construction and full aluminium floorboards with anti-skid surfaces give you a safer, more carefree platform at sea, regardless of the weather.

The open layout of the Buster XL Pro offers plenty of room for work and makes it simpler to transport bulky cargo.

## Stainless steel hardware

The Buster XL has deck hardware and railings in stylish stainless steel.

## Hydraulic steering

The Buster XL has hydraulic steering for additional control and comfort.

## Offshore seats

The Buster XL is driven from separate seats, specially designed for offshore boating.

## Buster Q - the future of powerboating

Not just a chartplotter - Buster Q is a completely new user experience, integrating features like navigation (powered by C-Map), infotainment, advanced sonar functionality, Yamaha gauges, Wi-Fi, and seamless over-the-air updates. Buster Q is as powerful as many laptop computers.

## Wrap-around windscreens

Regardless of how the boat is used, the consoles with wrap around windscreens create a uniquely safe and sheltered cockpit.

| Boat specifications |  |          |
|---------------------|--|----------|
| Length              |  | 5.94 m   |
