

Buster - the carefree choice

The most popular motorboat in the Nordic countries, Buster offers an extensive line-up of versatile, tough aluminium boats. The size and layout options cover the full spectrum of boating, from the demands of work - to the pleasures of recreation.

Our designs and quality are uncompromising. Our traditional craftsmanship renowned for generations. So the ruggedness, everyday practicality and seaworthiness of a Buster is already legendary.

Buster Boats is now very proud to be a part of Yamaha Motor Europe N.V. This exciting new partnership will enable us to work more closely together to develop and create ever more innovative products.

- Carefree
- Buster Q (10" screen version) as standard
- The Buster XXL is CE certified for seven persons
- Fixed fuel tank - 100 litres
- Composite floorboards
- Painted colour topsides with alternative colours
- Trim tabs as standard
- Glass windscreens
- Rainwater draining system

A pure sports boat

The Buster XXL is a pure sports boat, but made for the driver who also appreciates spaciousness and comfort on board. Based on the hull geometry of the highly acclaimed XL, the XXL is incredibly seaworthy and right at home at high speeds in heavy seas.

The open deck plan is ideal for activity-filled days at sea - regardless of whether you're cruising or fishing - and the XXL transports seven people with their gear effortlessly.

In addition to being sporty, the XXL is also practical – hence the spacious deck areas - and designed for socialising, with a convenient cockpit table for use when you are not out at sea. The Buster XXL - for those who appreciate speed and style.

Wrap-around windscreens

Regardless of how the boat is used, the consoles with wrap around windscreens create a uniquely safe and sheltered cockpit.

Buster Q - the future of powerboating

Not just a chartplotter - Buster Q is a completely new user experience, integrating features like navigation (powered by C-Map), infotainment, advanced sonar functionality, Yamaha gauges, Wi-Fi, and seamless over-the-air updates. Buster Q is as powerful as many laptop computers.

Offshore seats

The Buster XXL is driven from separate seats, specially designed for offshore boating

Hydraulic steering

The Buster XXL has hydraulic steering for additional control and comfort.

Stainless steel hardware

The Buster XXL has deck hardware and railings in stylish stainless steel.
