

Yamarin 56 Bow Rider

Yamarin. Bringing the pleasure of summer into your life

The exciting world of Yamarin is built on this promise - that our boats will bring you the chance to enjoy the best summer of your life, basking in the sun, soaking up the warmth and spending quality time on the water. For day cruising, longer relaxing trips with the family, or just going out fishing or exploring, a Yamarin is the perfect choice.

Now a highly regarded international boat brand, Yamarin is proud to be a part of Yamaha Motor Europe N.V. This exciting partnership enables us to work closely together to develop and create ever more innovative products.

So come boating with Yamarin - we really can make your summer dreams come true!

- Cover and canopy compartment
- Lockable glove compartment
- Fender holders
- Navigation lights
- 12v outlet

Yamarin 56 Bow Rider

Yamarin. Bringing the pleasure of summer into your life

Here we have a speedy, sporty-looking boat that's great for all-round leisure use. Take it out for some fishing or serious water sports action - or just blast about for the fun of it? Think about it too, as an excellent all-purpose boat for your summer home.

The Yamarin 56 Bow Rider features a new, edgier design. The open bow space, which seats two, ensures an unobstructed view for the driver, yet still contains plenty of open floor space to facilitate spinning, for example.

Another new feature is the windshield, which is higher at the back than you might expect, providing shelter for passengers, while riders on the aft bench can enjoy a sheltered space with ample leg room.

Yamarin 56 Bow Rider

Generous storage space - and fender holders too

Not only is there a locking storage compartment in the open bow area, but there's more space under the stern bench seating. We even provide convenient fender holders to help keep the boat tidy at sea.

Comfort and space at the stern

The aft seating is also well protected by the high windshield. Three people can ride there in comfort, all with ample leg room.

Stylish windshield design

The new, fashionably designed windshield is higher at the back than you might expect, so it's practical too, providing great shelter for driver and passengers.

Protective canopy

The stylish Bow Rider features a highly practical and protective two-part canopy.

Offshore seats

This sporty Bow Rider is equipped with high offshore bench seating - another example of top-class design and practical driving ergonomics.
