

# Yamarin Cross 75 Bow Rider

## Yamarin Cross - look out for adventures ahead!

A Yamarin Cross is always ready to take you on an adventure, whether it's a summer trip to a nearby island, a day of high speed water sports - or gliding quietly along with your fishing lines out. Whatever your choice, no other boat will deliver better handling and performance, while the sleek, sturdy hull guarantees a relaxing, comfortable ride for everyone.

Now a highly regarded international boat brand, Yamarin is proud to be a part of Yamaha Motor Europe N.V. This exciting partnership enables us to work closely together to develop and create ever more innovative products.

Yamarin Cross. Made for relaxing together with family and friends.

## Combining high performance with aggressive style

Our flagship model, the 75 BR is certainly an impressive looking boat. Its sharp, up-to-the-minute styling includes an attractive new steering wheel design and a dark grey metal floor, teamed with grey upholstery and classy red/black detailing.

This sleek and aggressive appearance isn't just for show, because it's matched by extremely high performance capabilities and supreme handling. So its great to drive too, holding its own even in strong winds and tough sea conditions.

The 75 BR also leads her class in terms of specification and standard equipment. The spacious 2-piece canopy, in-built sound system, hydraulic steering and trim tabs with LED displays are good examples.

## Great driving position

The tilt angle of the attractively styled steering wheel can be adjusted to suit the helmsman, while the special offshore seats provide a very comfortable and stable driving position.

## Weather protection

The rear edge of the windshield is set high and extends further back than usual, affording excellent shelter for passengers. There's also a sturdy glass door between the two consoles.

## Stylish grey aluminium floor

The grey aluminium anti-slip deck surface feels comfortable and secure to walk on - it's also very practical to maintain.

## Large two-piece canopy

The large canopy provides cosy shelter during unfriendly weather - and you can also sleep easily under it by simply setting up the sun deck with the comfortable mattresses.

## Storage box for the open bow deck

In the open area at the bow, there are two storage compartments that have been thoughtfully integrated into the design but can easily be removed when necessary.

## Bow ladder

The hatch at the bow conceals the anchor box, where a bow ladder can be attached for easy boarding and disembarking - at a natural harbour or at the water's edge for example.
