

Ultimate power, total control, and easy adjustability.

The latest Super Ténéré 1200ZE is packed with advanced rider assistance technology for the highest levels of engine and chassis control.

Using a multi-function switch, the easy-to-use electronically adjustable suspension can be fine-tuned while on the move – allowing the rider to select from 84 settings for outstanding chassis performance in virtually every situation.

The latest D-MODE switchable mapping offers refined town and sport settings, while cruise control and 3-stage traction control put you in charge. And with a height-adjustable seat and 4-position adjustable screen, the 1200ZE gives you power, control and adjustability.

- 1,199cc liquid-cooled inline 2-cylinder engine
- 270 degree crank for strong torque
- Shaft drive with clutch dampers and shaft dampers
- Electronically adjustable suspension
- Intelligent unified braking system and ABS
- Traction control, cruise control and Yamaha D-mode
- Hliníkové kolesá s pevnými lúčmi a bezdušovými pneumatikami
- Tapered aluminium handlebars and adjustable screen
- Prístroje na paneli LCD s indikátorom prevodového stupňa
- 190mm travel, adjustable front and rear suspension
- Nastaviteľná výška sedadla od 845 mm do 870 mm

Super Ténéré 1200ZE

Unleash your spirit of adventure

Inside every one of us there is a spirit of adventure that's just waiting to be set free. And when the urge to break out of the daily routine becomes irresistible, this high-tech explorer is ready to take you wherever you want to go.

The latest Super Ténéré 1200ZE is built to satisfy your desire to see what lies beyond the horizon.

Everything about this hugely capable long distance adventure bike has been designed to take you further than you ever imagined was possible. Equipped with a hugely powerful 1,199cc engine and a rugged chassis featuring electronically adjustable suspension, the Super Ténéré is ready to thrill on the highway and excel on the dirt.

Super Ténéré 1200ZE

1,199cc liquid-cooled inline 2-cylinder engine

The Super Ténéré 1200ZE's slim and immensely powerful 1,199cc liquid-cooled inline 2-cylinder 4-stroke engine delivers massive levels of torque for instant roll-on acceleration. Refined engine internals boost power to 112PS (82.4kW), giving this long distance adventure bike the ability to take you wherever you want to go.

Shaft drive with rubber clutch damper

Shaft drive is vital for any serious long distance adventure rider, and the XT1200ZE is equipped with a rugged and reliable system that efficiently delivers the huge torque output to the rear wheel. And for increased comfort and durability the latest model is fitted with new rubber clutch dampers that give an even smoother ride.

Easy-to-adjust electronically adjustable suspension

The XT1200ZE's electronically adjustable suspension enables the adventure rider to make instant suspension adjustments while on the move. This easy-to-operate system is controlled by a multi-function handlebar-mounted switch and offers a total of 84 different settings to suit every road and off road riding situation.

Intelligent unified braking system and ABS

The intelligent unified braking system gives the rider total control. Pulling the front brake lever first activates the unified system, while touching the rear brake first gives you individual control over the front and rear brakes. And for added confidence the XT1200ZE is equipped with ABS that can be deactivated when required.

YCC-T with 3-stage traction control

XT1200ZE riders benefit from the most intelligent electronic rider assistance technology available. The 'fly by wire' Yamaha Chip Controlled Throttle (YCC-T) ensures optimal response and outstanding power delivery, while the 3-stage traction control allows the rider to select the best setting for different conditions, on or off road.

Enhanced Yamaha D-MODE mapping and cruise control

D-MODE offers the choice of two different mapping options. "T" (town) mode gives a more relaxed and easy running character in slower conditions, while "S" (sport) mode delivers exhilarating and exciting performance on the open road. And for more relaxed long distance trips, cruise control is fitted as standard equipment.

Motor

Typ motora	Paralelní dvouválec s náklonem dopředu; Kapalinou chlazený; 4taktní; DOHC; 4ventilový
Zdvihový objem	1,199cc
Vřtanie x zdvih	98 x 79.5
Kompresný pomer	11.0 : 1
Systém mazania	Se suchou skříní
Typ spojky	mokrý; vícelamelová
Systém zapalovania	TCI
Systém štartovania	Elektrický
Prevodovka	stály záber; 6 rychlostná
Koncový prevod	Kardan
Karburátor	Elektronické vstřikování paliva
Maximálny výkon	82.4kW (112PS) @ 7,250 rpm
Maximálny krútiaci moment	117.0Nm (11.9kg-m) @ 6,000 rpm

Podvozok

Rám	Ocelový páteřový rám
Systém zadného odpruženia	Upside-down telescopic fork, Ø43mm
Predná zdvih	190 mm
Systém predného odpruženia	kyvná vidlica; Nastaviteľné predpätie a tlmenie odskoku; kĺbové odpruženie; Monoshock
Zadný zdvih	190 mm
Predná brzda	Hydraulická s dvojitým kotoučem, Ø310 mm kotouče s vlnitým profilem
Zadná brzda	Hydraulická jednokotoučová, Ø282 mm kotouč s vlnitým profilem
Predná pneumatika	110/80R19M/C 59V
Zadná pneumatika	150/70R17M/C 69V
Predný zdvih	28°
Uhol sklonu	126mm

Rozmery

Celková dĺžka	2,255 mm
Celková šírka	980 mm
Celková výška	1,410 mm
Výška sedadla	845/870 mm
Rázvor kolies	1,540 mm
Minimálna svetlá výška	190 mm
Mokrý hmotnosť s náplňami	265 kg
Kapacita palivové nádrže	23Litry
Kapacita olejové nádrže	4.2litry
