## Small and practical. Friendly and fun.

For getting out on the water with the minimum of fuss and effort, there's no better choice than the YAM 230B.

This user-friendly, tough little runabout is ideal for camping and fishing, small boat tender duties or just for messing about on the water. You can inflate or pack it away in minutes using the standard high-speed air pump, while the lightweight slatted floor simply rolls up – and your YAM is easily stowable in a boat locker, car trunk or even a cupboard at home.

Use the strong aluminium oars, with their sturdy rowlocks and easy-stow clips on the tube-sides – or fit a small, reliable Yamaha outboard. Either way, you'll be delighted with this stylish little runabout.

## Easy to transport

Every YAM comes with everything needed for instant boating enjoyment. The strong carrying bag is convenient for stowing your YAM in a car boot or on a roof rack – and the floors, seats and fittings are all very simple to install. A powerful air pump is also supplied, so your YAM will be ready to go in a matter of minutes.

## Ready to take care of you

In addition to safety features like strong, secure grab-handles, seat patches and D-rings, comfort is also a top priority. Our ingenious high-quality air valve is a good example – exceptionally reliable and airtight, it's easy to operate and is flush with the surface of the tube, preventing snagging or discomfort.

## Quick and easy to pack up

The YAM 230B has a lightweight slatted floor that rolls up with the boat. It can be inflated or packed away in minutes, using the high-speed air pump that comes as a standard.

## Light and easy to control

The YAM 230B is supplied with aluminium oars that are light yet strong, along with easy-stow clips on the tube-sides – and sturdy rowlocks. So manoeuvring around, whether out of necessity or purely for pleasure, is simple and relaxing. All in all, it's a practically perfect package.

## Built to last

For maximum strength and good looks, The YAM 230B is constructed using the latest generation 1100 DECITEX PVC material, with all seams and joints glue-bonded for optimum watertightness and safety. The result is a smart, clean exterior surface that is highly resistant to abrasion, salt water and sunlight.
