

Licensed to thrill

The new Tracer 700 has been radically redesigned, re-engineered, and refined to offer you enhanced performance, increased comfort, and more dynamic style in just about every riding situation.

Sporty new bodywork with powerful dual LED projector headlights give the Tracer 700 a much bolder and more aggressive new look – and the adjustable screen enhances comfort on long distance rides.

Featuring Yamaha's industry-leading crossplane technology, the highly-acclaimed 689cc, CP2 engine produces plenty of strong, linear torque for a truly invigorating riding experience – and with its adjustable upgraded suspension, improved ergonomics, and revised seat design, this high-specification sport tourer is ready for more thrills, more comfort, and more fun.

factsheet-content

- New half fairing with aggressive new face
- Twin LED projector headlights and position lamps
- More responsive torque-rich CP2 engine
- Lightest in class
- Upgraded adjustable front and rear suspension
- Aerodynamic screen with single-handed adjustment
- Commanding riding position with comfortable ergonomics
- Contoured dual seat for rider and passenger comfort
- Long range autonomy
- Negative LCD display

It's Your Turn

With an aggressive new face and a whole lot more attitude, the new Tracer 700 is equipped to get your adrenaline pumping whenever you ride. After work or at the weekend, this dynamic sport tourer is ready to thrill you with its outstanding performance and lightweight agility.

The CP2 engine with crossplane technology produces a wave of linear torque that just keeps on coming right through the rev range for remarkable acceleration in every gear – and the compact chassis and adjustable suspension are built to slice quickly and precisely through every corner.

Next generation aerodynamic bodywork with dual LED headlights and aggressive slant-eye position lights reinforce the bike's modern design and forceful good looks – and with its long-distance ergonomics, wider handlebars, and adjustable screen, this versatile new middleweight is always ready for your next road trip. New Tracer 700: It's Your Turn.

New half fairing with aggressive new face

With its aggressive new face and redesigned compact bodywork, the new Tracer 700 makes a bold statement that just cannot be ignored! Flowing seamlessly into the tank cover, the futuristic half fairing offers plenty of wind and weather protection, and its modern design underlines the dynamic character of this class-leading sport tourer.

Twin LED projector headlights, position lamps, and flashers

As well as projecting a powerful beam for excellent night-time vision, the compact dual LED projector headlights give the new Tracer 700 an aggressive, modern, and dynamic look. And for good daytime visibility this new generation sport tourer is equipped with bright LED position lamps as well as compact LED flashers.

More responsive torque-rich CP2 engine

Nothing else in the class feels or sounds as good as Yamaha's remarkable 689cc CP2 engine. Its industry-leading crossplane philosophy design gives an uneven firing sequence which delivers strong and linear torque. And with its range of engine, transmission and exhaust updates, this ultra-responsive EU5 compliant powerplant delivers an ever sportier and more thrilling ride.

Lightest in class

Featuring a compact, lightweight chassis with a long aluminum swingarm and offering a 1,460mm wheelbase, this is one of the most agile and exciting sport tourers. With the lowest weight in the class combined with its thrilling torque-rich engine character, the Tracer 700 achieves the best power to weight ratio to give a truly outstanding riding experience.

Adjustable upgraded front and rear suspension

The new Tracer 700 is equipped with upgraded front and rear suspension systems that enable you to achieve optimum handling performance in different situations. The 41mm cartridge forks and the rear shock feature preload and rebound damping adjusters that make it easy to set the bike up to suit different loads, various road conditions, and a range of riding styles.

Aerodynamic screen with single-handed adjustment

The stylish and sporty new aerodynamic screen is designed to give a more relaxed and enjoyable ride by reducing wind buffeting to the upper body – and when you need to adjust the screen's height it can be done quickly and easily with one hand. For extra wind and weather protection the new Tracer 700 is fitted with redesigned handguards featuring integrated LED flashers.

Engine

Engine type	2-cylinder; 4-stroke; Liquid-cooled; DOHC; 4-valves
Displacement	689cc
Bore x stroke	80.0 mm x 68.6 mm
Compression ratio	11.5 : 1
Lubrication system	Wet sump
Clutch type	Wet; Multiple Disc
Ignition system	TCI
Starter system	Electric
Transmission system	Constant Mesh; 6-speed
Final transmission	Chain
Fuel system	Fuel Injection
Maximum power	54.00 kW @ 8,750 rpm
Maximum torque	68.0Nm (6.93kg-m) @ 6,500 rpm
Limited power version	35.0 kW @ 7,500 rpm
Fuel consumption	4.3l/100km
CO2 emission	100g/km

Chassis

Frame	Diamond
Front suspension system	Telescopic forks
Front travel	130 mm
Rear suspension system	Swingarm; link suspension
Rear travel	142 mm
Front brake	Hydraulic dual disc, Ø282 mm
Rear brake	Hydraulic single disc, Ø245 mm
Front tyre	120/70 R17 M/C 58W (tubeless)
Rear tyre	180/55 R17 M/C 73W (tubeless)
Caster angle	24.8°
Trail	90mm

Dimensions

Overall length	2,140 mm
Overall width	806 mm
Overall height	1,290 mm
Seat height	840mm
Wheel base	1,460 mm
Minimum ground clearance	140 mm
Wet weight (including full oil and fuel tank)	196 kg
Fuel tank capacity	17.0L
Oil tank capacity	3.0L
