

## Buster - Boats that are built to last

Our design has always been guided by uncompromising goals regarding ruggedness, everyday practicality and seaworthiness. These values, combined with generations of industrial, hand crafted traditions have created a quality level that already carries a legacy of its own: Buster.

Of over 125.000 boats that we have launched over the past 6 decades, the majority is still in use. The exceptional durability and longevity of a Buster is beneficial to owner and environment alike.

AHT – Aluminium Hull Technology by Buster is living proof of the experience and relentless work spanning 60 years that we have committed to in order to make our boats ever better.

## Buster - Boats that are built to last

The steering response of Buster XL is light and accurate. The boat reacts quickly to the throttle and remains easy to steer even in rougher weather. The boat has sturdy, adjustable seats with elbow and leg supports in the console for optimal steering position for both the operator and co-operator.

Buster XL is surprisingly spacious, there is plenty of legroom in the backseat. The even design of the big bathing platforms make moving between the boat and the beach easier and more safe. The versatility of Buster XL draws attention, inviting you to spend your summer on the water.

The boat also comes standard with an advanced and unique Buster Q that combines functionalities such as navigation, training, Yamaha gauges, weather forecasts, wireless networking and updates.

## Protective windshield

The stylish and ergonomic consoles with side-extending protective glass windscreens and a fixed door, together with adjustable seats with elbow and leg supports delivers an optimal steering position for both pilot and co-pilot.

## Buster Q as standard

Buster Q combines functionalities such as navigation, training, Yamaha gauges, weather forecasts, wireless networking and updates.

## Big bathing platforms

The even design of the big bathing platforms make moving between the boat and the beach easier and more safe.
