

# Drive<sup>2</sup> PTV QuieTech EFI

## The ultimate personal assistant.

People are at the heart of every Yamaha. And the Drive<sup>2</sup> PTV QuieTech EFI is a perfect example of how innovative thinking enables us to create a vehicle that can really make a positive contribution towards our customers' daily lives.

Using Yamaha-exclusive technology, we've developed the Drive<sup>2</sup> PTV's very advanced EFI engine to be the cleanest, quietest and most economical four-stroke in its class. This not only reduces running costs, but also minimises environmental impact.

And because you are always the focal point of everything we do, we've equipped the Drive<sup>2</sup> PTV QuieTech EFI with ultra-smooth independent rear suspension together with a very luxurious and spacious interior.

- Maintenance free rack-and-pinion steering
- Largest contoured seat in the industry
- Spacious automotive-style dash with extra storage
- Modular body with best in class occupancy space
- Clean, quiet and economical EFI engine
- Independent front suspension
- Low maintenance filterless oil system
- Tough 10" wheels with stylish alloy-look cover option
- Sleek body style and bold new colours
- Luxurious IRS (Independent Rear Suspension)
- Light and strong automotive ladder style chassis design

# Drive<sup>2</sup> PTV QuieTech EFI

## The ultimate personal assistant.

Getting around is easy with the Drive<sup>2</sup> PTV QuieTech EFI, thanks to our advanced four-stroke EFI engine, which makes it the quietest petrol model in its class, producing just 60.5 decibels. Add in its low emissions, excellent fuel economy and good range and you can see why it's ideal for land areas large or small.

With independent front and rear suspension and a stylish, low-maintenance body – as well as an ergonomic interior for added comfort and convenience – the Drive<sup>2</sup> PTV QuieTech EFI is a feature-packed machine designed to deliver the ultimate in luxurious and relaxing rides.

The automotive-style dashboard incorporates handy USB ports and storage spaces – and the powerful LED headlights make it easy to work after dark. All in all, its premium specification enables the Drive<sup>2</sup> PTV QuieTech EFI to deliver impressive levels of passenger and driver satisfaction on every trip.

## Advanced, super-quiet EFI engine

Featuring Yamaha-exclusive technology, the Drive<sup>2</sup> PTV QuietTech EFI has a fuel-injected engine that is the quietest and cleanest running unit in the petrol category. With a whisper-quiet noise output of just 60.5 dB, it's almost as quiet as some electric models – and its ultra-low emissions and high fuel efficiency make it the ideal choice for private and commercial owners.

## LED headlights

This luxury PTV is built to move you around 24 hours a day and the first time that you take it out after dark you'll be amazed at the power and width of the new LED headlight beam. Producing double the brightness of conventional halogen lamps and using less than half the energy, the LED system shows the way ahead!

## USB ports

The Drive<sup>2</sup> has been designed to offer the ultimate driving experience, and to ensure that phones and tablets are kept conveniently charged, the large automotive-style dashboard is equipped with two USB ports. A storage bin with a non-slip mat is the ideal place for devices, and there's plenty of space for carrying personal items.

## Larger automotive-style dash

The Drive<sup>2</sup> has been designed with the modern golfer in mind and features an automotive style dashboard with increased carrying space and large cup holders in its central area, together with additional storage compartments for personal items and mobile devices.

## Practical and durable modular body design

The Drive<sup>2</sup> PTV QuietTech EFI features a modular body design which makes it easy to own and maintain, enabling commercial operators to minimise down time and increase profitability. A large rear panel gives easy access to the engine for routine maintenance and the rugged bumpers and body panels are built to ensure optimum strength and durability.

## Stylish bodywork and enhanced interior

With its stylish bodywork and range of bold new colours, the Drive<sup>2</sup> is the most attractive and luxurious PTV we've ever built. Offering the most spacious interior and the best legroom in the business, this impressive machine also comes with wider, more spacious seats than any other model.
