

## The stylish all-rounder.

Whether for touring relaxation or sporty thrill, the amazing FX HO simply delivers. On the lookout for a Waverunner designed to maximise the riding pleasure? - you will love this machine, weather alone, with family or friends!

From our unique, revolutionary RiDE system and lightweight NanoXcel2® hulls – to our exclusive electronic control systems – to the top range supercharged 4-stroke 1812cc engine in our most powerful model - the innovative technology and engineering integral to every Yamaha is right at the cutting edge.

Advanced design and sheer build quality add even more to the package, so the result is a guarantee of excellent performance and thrill, together with the all-important rider comfort, required for a Cruiser!

- Unique four-step tilt-adjustable steering system
- Electronic Reverse with traction control
- High Output 1812cc engine with EFI system
- Revolutionary RiDE™ system - intuitive control
- Cruise Assist, No Wake mode and electronic trim
- Industry-1st colour touch-screen instruments
- Multi-Mount system for your accessories
- Deep step & dual handles for easy re-boarding
- Footwell drainage system

## The stylish all-rounder.

Whether for touring relaxation or sporty thrill, the amazing FX HO simply delivers. On the lookout for a craft that can offer the perfect blend of performance and comfort, along with a range of features designed to maximise the riding pleasure? - you will love this machine.

The remarkable 1812cc engine, with its high pressure fuel pump and intelligent electronic throttle control system, delivers smooth, powerful, efficient performance. The elegant hull, in lightweight NanoXcel, combined with the remarkable RiDE system, promise the most comfortable, stable handling you've ever experienced.

The FX HO is a true all-rounder, with features like No Wake mode and Cruise Assist, luxury seating for three, a large, stable swim platform, an extra deep re-boarding step, dual grab handles, plenty of storage space that guarantee top notch experience alone, with your partner, family and friends.

## Powerful High Output 1812cc engine

Power delivery from the large displacement, High Output 1812cc engine is exhilarating – and the Hyper-Flow jet pump with its 3-blade impeller helps turn that power into electrifying acceleration. The Electronic Fuel Injection (EFI) gives the smoothest possible power output and efficient, economical running, even on regular unleaded fuel.

## Aerodynamic shape & hull design in NanoXcel2

The sleek aerodynamic body shape and hull design on the FX models is crafted in Yamaha's unique NanoXcel2 material. Impressively light, yet rigid and strong, it gives these machines awesome on-water performance with stunning acceleration, higher top speed, greater economy - and an even more comfortable ride.

## RiDE system (Reverse with Intuitive Deceleration Electronics)

The revolutionary RiDE system transforms your riding pleasure, bringing a feeling of confidence to every rider... at every level. Simply pull the throttle lever on the right hand-grip to move forward and accelerate - pull the lever on the left grip to slow down or to reverse. Yes, it's really that simple!

## Electronic control - another riding revolution

Our sophisticated Electronic control system will delight you with its 'intelligent' features. Use Cruise-Assist to set and maintain exact speeds, the 3-position No Wake Mode to navigate through low-speed areas - and electronic Reverse-assist and TDE (Thrust Directional Enhancement) for ultra-low speed manoeuvring and docking.

## Drive Control system

This latest generation of our well known 'L-mode' system allows you to not only pre-set a top-speed limit, but also an acceleration curve, making it the perfect partner when you're towing tubes or wakeboards. You can also lock in lower speed settings for novice riders - and set a steady speed on longer trips, in order to achieve maximum economy.

## Comfort, footwell drainage - and easier re-boarding

From tilt-adjustable steering to a 3-person seat, including a large swim platform with a deeper and wider step and dual handles for re-boarding, this FX really does offer more comfort. Plus a handy footwell drainage system.

## Engine

Engine type	4-stroke; 1.8 Liter High Output; 4-Cylinder
Displacement	1,812cc
Bore x stroke	86.0 mm x 78.0 mm
Compression ratio	11.0 : 1
Pump Type	155mm Axial Flow
Fuel	Unleaded Regular Gasoline
Fuel capacity	70 litres
Oil capacity	5.3litres

## Dimensions

Length	3.58m
Width	1.27m
Height	1.23m
Dry weight	379kg

## Features

Storage Capacity	166.7 litres
Rider capacity	1-3 persons
