

Ready for anything.

As soon as you see the TRACER 7 GT it's clear that this is a bike that means business. Everything about this dynamic and versatile motorcycle is designed to give you a ride like no other. And once you're on the move you'll know that this next generation sport tourer has the ability to make every ride as exciting and memorable as the first time you took to two wheels.

What really makes this bike so special is its ability to perform like a sports bike while at the same time offering the genuine long distance capability of a tourer. And whether you go near or far – in the city and on the open road – this machine is built to get your adrenaline pumping and put a big smile on your face seven days a week!

- Responsive torque-rich CP2 EU5-compliant engine
- Lightest in class, best power to weight ratio
- 20-litre Side cases
- Higher and wider touring screen
- Special design, high quality comfort seat
- Adjustable front and rear suspension
- Lightweight half fairing with aggressive face
- Long range autonomy
- Twin LED projector headlights, position lamps, and flashers
- Multi-function LCD display

There's nothing else quite like the TRACER 7 GT's twin-cylinder, EU5, 689cc, CP2 engine. Once you feel the wave of linear torque and experience the thrilling acceleration you'll never look back. The compact chassis gives easy agility with high speed stability. And with its full touring specification and long-range fuel tank, this is a bike that's ready for anything.

Smart turns

The TRACER 7 GT is a true sports tourer that can offer a sensational long distance riding experience. Equipped with 20-litre side cases as well as a high screen and a comfort seat, this lightest-in-class sport tourer gives you the perfect combination of thrilling performance, easy agility and excellent touring capabilities.

Powered by Yamaha's outstanding torque-rich 689cc CP2 crossplane EU5 engine – one of the company's most successful and best-loved designs of all time – the TRACER 7 GT is aimed at riders like you who want sport bike excitement combined with long-range versatility and urban flexibility – plus a serious bit of attitude.

Dual LED headlights and next generation bodywork give the TRACER 7 GT a dynamic and aggressive look that sets it apart from other bikes in the category. With its best-in-class power to weight ratio – as well as an agile chassis and high level of riding comfort – this is the smart way to escape from the city and discover some new roads of life.

Responsive torque-rich CP2 EU5-compliant engine

Nothing else in the class feels or sounds as good as Yamaha's remarkable 689cc, CP2, EU5 engine. Its industry-leading crossplane philosophy design gives an uneven firing sequence which delivers strong and linear torque. One of Yamaha's most successful engines of all time, this ultra-responsive EU5 compliant powerplant delivers the sportiest and most thrilling ride in its class.

20-litre City side cases

Whether you're travelling or commuting, the 20-litre side cases offer the ideal capacity without compromising the bike's compact dimensions and aggressive good looks. And their slim and robust design perfectly complements the TRACER 7 GT's dynamic style.

Higher and wider touring screen

TRACER 7 GT is equipped with a higher and wider touring screen for enhanced wind protection on long-distance rides. Made with unbreakable and scratch-resistant polycarbonate, this touring screen offers an effective height increase of 92 mm and width increase of 70 mm compared to the standard screen – giving maximum riding comfort with reduced noise, as well as enhanced wind and weather protection.

Comfort seat

The specially designed comfort seat features a high quality dual-material skin with contrasting stitching – and is constructed with different foam density zones that provide the highest levels of riding comfort for the rider and passenger when touring. While the integrated TRACER logo enhances the premium look and feel.

Lightest in class, best power to weight ratio

Featuring a compact, lightweight chassis with a long aluminium swingarm and offering a 1,460 mm wheelbase, this is one of the most agile and exciting sport tourers. With the lowest weight in the class combined with its thrilling torque-rich engine character, the TRACER 7 GT achieves the best power to weight ratio to give a truly outstanding riding experience, however near or far you travel.

Adjustable front and rear suspension

The TRACER 7 GT is equipped with adjustable front and rear suspension systems, that enable you to achieve optimum handling performance in different situations. The 41 mm cartridge forks and the rear shock feature preload and rebound damping adjusters that make it easy to set up your bike to suit different loads, various road conditions and a range of riding styles.
