

Ténéré 700 Rally Edition

Serious capability with unrivalled endurance.

The original Ténéré helped to make Yamaha the most successful brand in the Dakar, with XT models taking 18 podiums in the first 6 editions of the world's toughest race. The pure race-bred DNA that conquered the desert has been passed through the generations to the Yamaha Ténéré 700 Rally Edition. And it shows.

A specially developed one-piece Rally seat gives you a higher and more upright riding position that makes it easier to shift your body weight and stand up on the pegs in the dirt – and the Akrapovič muffler delivers a rich and throaty growl that amplifies the addictive big-torque feeling from the EU5 compliant CP2 engine.

Other premium components include a heavy duty 4 mm thick skid plate that gives extra frame and engine protection in tough terrain, as well as a radiator protector and laser cut chain guard – while LED flashers, knee grip pads and off road handlebar grips complete the Rally Edition's high specification.

- Dedicated Rally seat
- Slim, compact and ergonomic body and seat
- Akrapovič slip-on muffler
- Heavy-duty skid plate
- Radiator protector
- Lightweight double cradle tubular steel frame.
- LED flashers
- Grip pads
- Off-road hand grips

Ténéré 700 Rally Edition

Serious capability with unrivalled endurance.

When the first Dakar Rally took place back in 1979 it gave the Yamaha XT a chance to prove itself in the world's toughest race. XT riders won this legendary event in '79 and '80, and inspired the development of the original Ténéré in 1983 – Yamaha's iconic adventure bike that changed the world of motorcycling.

40 years on, the Yamaha Ténéré 700 is capturing the imagination of a new generation of riders who want to discover what's over the next horizon. And the exclusive Yamaha Ténéré 700 Rally Edition comes with heritage rally colours and a high standard specification.

Featuring blue/yellow racing livery, speedblock graphics and gold rims, the Ténéré 700 Rally Edition pays tribute to the factory bikes raced by Dakar heroes Jean-Claude Olivier and Serge Bacou. With its premium components and pure Ténéré DNA, this is Yamaha's ultimate middleweight adventure bike.

Heritage Rally colours

Featuring a modern translation of the legendary and striking blue and yellow combination that was used for early Ténéré models racing the Dakar. Based on these early Dakar colours the very first production XT600 Ténéré of 1983 also proudly featured this colour combination: Blue-yellow contrast, gold rims and speedblock design (also inspired by Dakar heritage). Details in finishing such as the black handlebars complement the overall design.

Dedicated Rally Seat

The dedicated one-piece Rally seat offers a slightly higher and straighter riding position for easier body movement and more comfort for those long expeditions. At 895 mm, the Rally seat is 20 mm higher than the standard seat. Dual material finish and white printed YAMAHA logo give enhanced Rally image.

Akrapovič slip-on muffler

Sporty and lightweight slip-on muffler by Akrapovič combines performance with rally looks and a beautiful throaty-rich sound, without being loud. Fully street legal, includes carbon heat shield and silencer clamp and non-removable Db killer.

Heavy-duty skid plate

Heavy duty 4 mm thick aluminium skid plate, offering extra protection for engine and frame during challenging off-road trips. Convenient toolbox can be added optionally using the mounting points on this skid plate.

Radiator protector

Stylish aluminium cover that protects the radiator from small stones and twigs. Compact and lightweight design with a special coating for durability.

Chain guard

Stylish laser cut aluminium chain guard.

Ténéré 700 Rally Edition

Engine

Engine type	2-cylinder;Liquid-cooled;4-stroke;DOHC
Displacement	689cc
Bore x stroke	80.0 x 68.6 mm
Compression ratio	11.5 : 1
Lubrication system	Wet sump
Clutch type	Wet;Multiple Disc
Ignition system	TCI
Starter system	Electric
Transmission system	Constant Mesh;6-speed
Final transmission	Chain
Fuel system	Fuel Injection
Maximum power	54 kW @ 9,000 rpm
Maximum torque	68 Nm @ 6,500 rpm
Fuel consumption	4.3 l/100 km
CO2 emission	100 g / km

Chassis

Frame	Steel tube backbone;double cradle
Front suspension system	Up side down telescopic fork
Front travel	210 mm
Rear suspension system	Swingarm;link suspension
Rear travel	200 mm
Front brake	Hydraulic dual disc, Ø 282 mm
Rear brake	Hydraulic single disc, Ø 245mm
Front tyre	90/90 - 21 M/C 54V
Rear tyre	150/70 R 18 M/C 70V
Caster angle	27°
Trail	105 mm

Dimensions

Overall length	2,370 mm
Overall width	905 mm
Overall height	1,455 mm
Seat height	875 mm
Wheel base	1,595 mm
Minimum ground clearance	240 mm
Wet weight (including full oil and fuel tank)	204 kg
Fuel tank capacity	16.0 litres
Oil tank capacity	2.6 litres
