The Next Horizon is Yours

When you're riding the Ténéré 700, your future can be whatever you want it to be. Because this is a go-anywhere motorcycle that enables you to live life without limits, and experience a new feeling of total freedom.

Driven by a high-torque 690cc 2-cylinder EU5-compliant engine equipped with a special optimised transmission that gives you the ideal balance of power and control, this rally-bred long distance adventure bike is built to master a wide range of riding conditions on the dirt or asphalt.

The compact tubular chassis and slim bodywork offer maximum agility during stand up or sit down riding – and long travel suspension and spoked wheels give you the ability to get to anywhere you want. Just fill up and go! The Next Horizon is Yours.

690cc 4-stroke CP2 EU5 engine

Riding across deserts, through mountain trails or along the motorway, the Ténéré's 690cc 2-cylinder crossplane philosophy EU5 engine gives you instant power that can respond to every situation. And with its strong, linear torque and optimized transmission, this lightweight go-anywhere adventure bike gives you total control in every riding environment.

Double cradle tubular steel frame.

When you find yourself in challenging off road situations you'll appreciate the compact dimensions of the Ténéré 700's rugged double cradle tubular steel frame. Its short wheelbase and slim body gives you superb agility in technical riding situations – and with 240mm of ground clearance it's built for extreme terrain.

Slim and compact body and flat seat.

For maximum agility the Ténéré 700 has a flat seat and narrow body that make it easy to shift your weight around – whether you're sitting down or standing up on the footpegs. Its relaxed riding position ensures all-day comfort, and the slim 16-litre long-range tank gives excellent knee grip, for precise control on every type of surface.

Rally-bred face, with 4-LED headlights.

Yamaha has been one of the leading names in the rally world for over 40 years – and the Ténéré 700's aggressive face is inspired by the latest Dakar factory race bikes. Featuring a powerful and iconic 4-LED headlight design that illuminates the darkest wilderness, this forceful and distinctive look underlines the bike's pure rally-bred technology.

Long-travel, upside-down forks.

Check out the race-bred front suspension, and it's clear that this lightweight adventure bike is built to take on the most hostile terrain! Equipped with flex-resistant 43 mm tubes and offering 210 mm of front wheel movement that gives a smooth ride with lightweight steering, these adjustable upside down forks can handle whatever you may encounter on your adventures!

Remotely adjustable rear shock absorber

The sophisticated rear suspension is designed to give you a smooth and stable ride in a variety of conditions on the dirt or highway – whether you're riding solo or carrying a passenger and luggage. Offering 200mm of wheel movement, this rally-bred system features a convenient, remote adjuster, enabling you to adjust the settings while you're on the go.
