

A force of nature.

Every Yamaha ATV is designed to handle the most challenging off road terrain, and the class-leading Grizzly 700 EPS Alu comes with one of the widest ranges of sophisticated user-friendly technologies that make off road exploration easier and more rewarding.

The smooth-running Ultramatic® transmission instantly selects the best ratio for any given situation, enabling you to get maximum enjoyment on every ride – and with its effortless Electronic Power Steering and shock-absorbing 26-inch tyres, the ergonomic chassis design ensures the ultimate riding comfort.

Features like the On-Command® drive system make switching from 2WD to 4WD so easy – and the high torque 686cc MK II engine has the power to get take you into the most extreme terrain. Fully equipped with powerful LED lights, digital instruments and a powerful winch, the Grizzly 700 EPS Alu is always ready to take you on a new adventure.

- High-performance true All-Terrain Vehicle (ATV)
- Driver selectable wheel drive system
- Excellent trail & off trail handling
- Long stroke terrain capable & comfy suspension
- 4 powerful and consistent hydraulic disc brakes
- Well balanced ride dynamics
- Less fatigue and more precise handling by EPS
- Connected rider forward ergonomics
- Professional capacity for stowing & towing cargo
- Waterdip surface coating for body Camo print
- T-category homologation optional

A force of nature.

For all you #DRIVENBYFREEDOM off-road enthusiasts who don't like boundaries: the Grizzly 700 EPS Alu is the partner to have on your side. With its gutsy 686cc engine and rugged chassis, the class-leading Grizzly is one of the world's toughest compact off-roaders - giving you more freedom to explore.

Yamaha's industry-leading Ultramatic® transmission automatically selects the optimum gearing for all types of terrain, while the natural all-wheel engine braking gives confident downhill descents – and the On-Command® drive system allows you to switch seamlessly between 2WD, 4WD and Diff-lock at the push of a button.

Electronic Power Steering gives a natural feedback for enhanced comfort and control – and with its 4wheel disc brake system and adjustable independent suspension, the Grizzly 700 EPS Alu is ready to take on the most challenging terrain – it's a true force of nature.

YAMAHA Revs Your Heart

Grizzly 700 EPS Alu

MK II 686cc SOHC engine

Yamaha's biggest leisure ATV is driven by a high-performance, large capacity engine that delivers class-leading torque and power. The 2nd generation MK II 686cc 4valve SOHC engine is equipped with the latest EFI throttle body as well as finetuned ECU mapping and refined tolerances that ensure low fuel consumption, high levels of torque and smooth engine performance.

On-Command® drive system

The intelligent On-Command® drive system features a convenient push-button control that allows you to switch seamlessly and instantaneously from 2WD to 4WD and back. By pressing a button on the right-side handlebar you can select 2WD, 4WD or 4WD with Diff-lock to optimize the Grizzly's performance in changing terrain and weather conditions.

Ultramatic® transmission

Equipped with High, Low, Reverse, Neutral and Park modes, Yamaha's industry-leading Ultramatic® automatic transmission is one of the most durable and efficient CVT systems. Its instantreaction gearing is designed to tackle the toughest terrain, and the natural feel of the all-wheel engine braking gives you added confidence and control on downhill runs.

Carrying capacity and winch

The Grizzly 700 EPS Alu comes with one of the highest standard specifications in its category, and features a front-mounted WARN VRX 25 winch that has the power to haul you out of the stickiest situation. With a carrying capacity of 140kg and able to tow 600kg, this class leading leisure ATV is the ideal partner for hunting, fishing and camping adventures.

Independent suspension, disc brakes

The Grizzly 700 EPS Alu's independent suspension system uses nitrogen gas shocks that are adjustable for preload, allowing the rider to run various settings to suit differing loads. This is also the only model in its class featuring four wheel hydraulic disc brakes, for outstanding braking performance with plenty of feel.

Electric Power Steering (EPS)

For added comfort and reduced physical effort the Grizzly 700 EPS Alu models are equipped with Electronic Power Steering (EPS) that has been designed to offer the best balance of rider assist and positive feedback. By maintaining light steering and precise handling, this system enhances rider comfort, confidence and control.

Engine	
Engine type	Single cylinder; Liquid-cooled; 4-stroke; SOHC; 4-
	valves
Displacement	686cc
Bore x stroke	102.0 mm x 84.0 mm

The unit depicted in these images is equipped with optional Yamaha Genuine Accessories.

ATVs with engines up to 50cc are recommended for use only by riders 6 years and older and always with adult supervision. ATVs with engines of 70 to 90cc are recommended only for use by riders 12 years and older, and always under adult supervision. ATVs with engines of 90cc or greater are recommended for use only by riders 16 years and older. Our Side-by-Side Vehicles are recommended for use only by riders of 16 years and older. ATVs and Side-by-Side Vehicles are built to operate within their design limits. Safe towable weights, together with maximum carrying capacity are identified in the owner's manual if applicable. For durability, reliability, but most important of all, operator and passenger (for Side-by-Side Vehicle only) safety, under no circumstances should the recommended capacities be exceeded. ATVs can be hazardous to operate. For your safety: always avoid paved surfaces. ATVs and Side-by-Side Vehicles are designed for unpaved surfaces only. Riding on paved surfaces may seriously affect handling and control and can cause loss of control. Always wear a helmet, eye protection, and protective clothing. Never carry any passengers on ATVs and always wear a seatbelt when riding a Side-by-Side Vehicle. Never engage stunt riding. Riding and alcohol/drugs don't mix. Avoid excessive speed. And be particularly careful on difficult terrain. Please 'tread lightly': always ride in a responsible manner, respecting the environment as well as country and local laws. Yamaha recommends that all ATV and Side-by-Side Vehicle riders take an approved training course. For safety and training information, see your dealer or call your Yamaha Distributor in your country. The specification and appearance of Yamaha products will be varied from time to time without notice, and those shown here are for illustrative purposes only and are not contractual descriptions of products. Some models are shown with optional accessories. The riders in this brochure are professionals: don't attempt to emulate them. All ATVs and Side-by-Side Vehicles come with a 12-month Limited Factory Warranty. See your dealer for details.
