

# Wolverine® RMAX™4 1000 SE

## Reimagine everything.

The Special Edition Wolverine®RMAX™4 features SE graphics, with bodywork and interior painted to match the cut-and-sew seats. Footwell and console lighting adds to the style and comfort of the soft-touch interior with its centre-mount mirror, dash-mounted USB charging socket, DC outlet and lighted switches.

This stylish machine is shod with Yamaha-exclusive 29" Carnage tyres and is fitted with an upgraded bumper that carries a powerful, standard-fit VRX 4500 lbs winch. The shifter and parking brake lever reflect the high engineering quality to be found throughout this SE model, which also features our innovative D-Mode (Sport/Trail/Crawl) gear control system.

- Brutal, class-leading 999cc machine
- 3 drive modes for selectable power supply
- Fully loaded with Yamaha Off Road technology
- Top-level capability with an imposing stance
- Next generation design & aggressive styling
- Comfortable 4 full size high back bucket seats
- Premium extensive Special Edition features
- T-category homologation optional

# Wolverine® RMAX™4 1000 SE

After extensive testing and trials in every condition imaginable, a new level of all-terrain performance was born. The Wolverine® RMAX™4 1000 SE enables maximum connection between driver and machine – for a one-to-one relationship that has not been possible before. Experience leisure riding with friends and family like never before.

## Reimagine everything.

Discover the top-of-the-line Wolverine® RMAX™4 1000 SE (Special Edition) and live not just a new experience, but a revelation! This amazing 4-seat powerhouse will take you and your friends to explore terrain you never thought possible, with automotive-style comfort and confidence-giving control.

#DRIVENBYFREEDOM

With impressive terrain-handling comes smooth power from our 999cc engine and push-button D-mode control with 3 Drive positions - Sport, Trail and Crawl. Add Special Edition paint, a factory-fitted Warn winch, colour-matched wheels, aggressive Maxxis Carnage tyres - and you begin to see the picture.

The Wolverine® RMAX™ 1000 family follows our development philosophy of “Jin-Ki Kanno” – which translates from Japanese as “The exhilaration of being one with the machine” – bringing you a super-capable off-roader, in which driver and passengers feel confident to master and enjoy the very toughest terrain.

# Wolverine® RMAX™4 1000 SE

## Four seats plus cargo

This is the most versatile machine in its class. It seats 1 - 4 adults plus cargo and features an ingenious extra storage ability. By folding and sliding the rear seats forward, the rear area can then securely transport up to 272 kgs with its multiple steel tie-down points. A built in 2-inch receiver is also fitted and ready to tow a full 907 kg load.

## Powerful 999cc 2-cylinder Engine

The stunning power of the 999cc, DOHC, 8-valve, parallel twin-cylinder engine delivers class-leading, ultra-smooth performance across the power band - and with the red line at 8,500 rpm, aggressive and spirited riding is what this machine is all about. For complete peace of mind, our legendary durability and reliability is the hallmark of every Yamaha engine.

## Imposing and aggressive SE styling

The Wolverine® RMAX™4 SE blends next-level capability with an imposing appearance, thanks to its special SE colour scheme, aggressive front-end design and rugged Dirt Commander tyres. The stealthy front LED headlights and "evil eye" marker lights add more to its distinctive looks, while the LED taillight, brake light, and reverse light provide added visibility.

## Advanced, comfort-focused suspension

The heavy-duty suspension is designed to provide a great handling blend: maximum articulation in low-speed situations - a balanced feel when trail riding - and maximum bottoming resistance with a higher-speed damping feel when maneuvering aggressively. The wide-arc A-arms paired with easily adjustable FOX shocks provide the perfect front and rear combination.

## Roomy 4-person cabin

The premium quality, automotive-inspired cabin design of the Wolverine® RMAX™4 1000 SE (Special Edition) offers comfortable, secure seating for four full-sized adults with comfortable handholds and six-position seat belts for each seat. The second row is also raised for excellent visibility, so everyone gets a great ride and a good view of their surroundings.

## 3 drive modes - 1 ultra- versatile machine

Yamaha's Chip Controlled Throttle (YCC-T) works with our Ultramatic® transmission and On-Command systems to give perfect power delivery in any situation, via its 3-position D-Mode (Drive Mode) control. Choose Sports Mode for wide spaces and spirited driving - Trail Mode for a fun, relaxed ride - or Crawl Mode for slow-speed technical tasks like rock crawling.

ATVs with engines up to 50cc are recommended for use only by riders 6 years and older and always with adult supervision. ATVs with engines of 70 to 90cc are recommended only for use by riders 12 years and older, and always under adult supervision. ATVs with engines of 90cc or greater are recommended for use only by riders 16 years and older. Our Side-by-Side Vehicles are recommended for use only by riders of 16 years and older. ATVs and Side-by-Side Vehicles are built to operate within their design limits. Safe towable weights, together with maximum carrying capacity are identified in the owner's manual if applicable. For durability, reliability, but most important of all, operator and passenger (for Side-by-Side Vehicle only) safety, under no circumstances should the recommended capacities be exceeded. ATVs can be hazardous to operate. For your safety: always avoid paved surfaces. ATVs and Side-by-Side Vehicles are designed for unpaved surfaces only. Riding on paved surfaces may seriously affect handling and control and can cause loss of control. Always wear a helmet, eye protection, and protective clothing. Never carry any passengers on ATVs and always wear a seatbelt when riding a Side-by-Side Vehicle. Never engage stunt riding. Riding and alcohol/drugs don't mix. Avoid excessive speed. And be particularly careful on difficult terrain. Please 'tread lightly': always ride in a responsible manner, respecting the environment as well as country and local laws. Yamaha recommends that all ATV and Side-by-Side Vehicle riders take an approved training course. For safety and training information, see your dealer or call your Yamaha Distributor in your country. The specification and appearance of Yamaha products will be varied from time to time without notice, and those shown here are for illustrative purposes only and are not contractual descriptions of products. Some models are shown with optional accessories. The riders in this brochure are professionals: don't attempt to emulate them. All ATVs and Side-by-Side Vehicles come with a 12-month Limited Factory Warranty. See your dealer for details.
