

TMAX Tech MAX

Straight to the MAX.

The fact that so many TMAX Tech MAX riders are repeat purchasers of Europe's most successful Sport Scooter says a lot about this high performance vehicle. And whether you've always been a MAX fan or you're new to the brand, the sportier new model is designed to deliver the most thrilling and satisfying ride in the class.

Its connected 7-inch TFT screen and Full-map Garmin Navigation* underline the premium specification – and with its aggressive styling and improved ergonomics – plus a range of TMAX Tech MAX exclusive features that include heated seat and grips, cruise control, adjustable rear suspension and backlit switches – this is undoubtedly the ultimate MAX. (* Full-map Garmin Navigation requires a subscription service agreement and is not offered in all countries. Some navigation features are not available in all countries, please check with Garmin for availability.)

- Powerful 560cc engine
- Dynamic sporty body design
- Projector headlight, integrated flashers
- Improved rider and passenger ergonomics
- Connected TFT screen, full-map navigation
- Electrically adjustable screen
- Cruise control
- Heated grips and seat
- Best-in-class premium specification
- Smart Key keyless operation
- Lightweight aluminium chassis

With its powerful 560cc 2-cylinder 35kW engine and motorcycle type aluminium frame, TMAX Tech Max is built to perform. Optimized suspension settings and lightweight Spin Forged wheels fitted with Bridgestone tyres deliver sports handling – and the electrically adjustable screen provides protection from the wind and rain. Ride TMAX Tech MAX: Accept only the icon.

Straight to the MAX

You work hard. You play hard. Time is your most valuable commodity. And you appreciate authentic style and proven quality. So when you see what the TMAX Tech MAX has to offer, it's probably going to be one of the easiest and smartest decisions you've made for a long time.

Europe's best-selling Sport Scooter has been radically uprated with a best-in-class 7-inch colour TFT screen with full smartphone connectivity – enabling you to keep in touch on every ride. Full-map Garmin Navigation* makes sure you get there on time – and with a heated seat, heated grips, electric screen and cruise control, you can enjoy business class comfort through the year. (* Full-map Garmin Navigation requires a subscription service agreement and is not offered in all countries. Some navigation features are not available in all countries, please check with Garmin for availability.)

TMAX Tech MAX comes with a compact body with a long seat and footboards that give an even more comfortable ride. Its aggressive face and aerodynamic front wings project a supersport-inspired look, taking the TMAX Tech MAX one step closer to the motorcycle world. And premium components and a class-leading finish confirm what you probably already knew about this iconic machine.

Powerful 560cc EURO5 engine

The powerful 560cc EURO5 engine features a unique and compact design that uses a 360 degree crank with a horizontally opposed reciprocating piston balancer for extremely sporty performance together with a high-efficiency CVT drive system for outstandingly smooth running. And to heighten your riding excitement the carefully designed intake and exhaust systems produce a deep and pure 'tuned' sound that is distinctively TMAX Tech MAX!

Dynamic sporty body design

TMAX Tech MAX design moves one step closer to the supersport motorcycle world with its aerodynamic body. Slimmer dual LED headlights and front wings with large air intakes as well as boomerang side covers are more TMAX Tech MAX than ever – and lightweight Spin Forged wheels and forged aluminium handlebars underline this sport scooter's premium specification.

Projector headlights, integrated flashers

Take one look at the face and you'll know that this could only ever be TMAX Tech MAX! Its slimmer dual headlights with integrated flashers give a more aggressive look, while the projector design with a mono-focus lens generates a powerful beam. And to emphasize this iconic sport scooter's dynamic looks there's a taillight featuring a T-shaped design with integrated flashers.

Improved rider and passenger ergonomics

For an ever sportier ride with a higher level of rider and passenger comfort, the TMAX Tech MAX is equipped with a longer seat and extended footboards, and the rider's backrest gives 30mm of front/rear movement. The TMAX Tech MAX's slimmer waist gives improved leg reach to the ground, and the shape of the forged aluminium handlebars contributes towards a slightly more forward leaning position for improved feedback.

Connected TFT screen, full-map navigation

Operated by a simple joystick, the sophisticated connected full-colour 7-inch TFT screen features a choice of three display styles. Through Yamaha's MyRide App you can access MyRide – Link that enables the connection with the vehicle, giving access to your smartphone for music, weather, calls** and notifications. Full-map Garmin Navigation* makes every journey easier – while texts can be displayed when your TMAX Tech MAX is parked. (* Full-map Garmin Navigation requires a subscription service agreement and is not offered in all countries. Some navigation features are not available in all countries, please check with Garmin for availability.)

Electrically adjustable screen

The adjustable windscreen features a centre air intake duct that contributes towards the increased level of comfort by reducing pressure on your upper body, especially at higher speeds. This design also ensures better acoustics when you're using a smartphone linked to the 7-inch TFT full-colour display, and the TMAX Tech MAX screen can be adjusted electrically using a handlebar mounted switch.

Engine

Engine type	4-stroke; Liquid-cooled; DOHC; 4-valves; Parallel twin-cylinder
Displacement	562 cc
Bore x stroke	70.0×73.0mm
Compression ratio	10.9:1
