- Longest, most comfortable hull in the range
- Revolutionary RiDE® system for intuitive control
- Unique four-step tilt-adjustable steering system
- Seven inch display with Enhanced Drive Control Modes
- Smartphone synchronisation capability
- Easy access glovebox
- GPS chart plotter ready

All-round amazing.

The FX HO is an outstanding choice for touring relaxation or sporty thrill-seekers. Looking for a personal watercraft that promises to provide the ideal balance of performance and comfort and a variety of features designed to increase riding pleasure? Then, you will love this WaveRunner. You'll be going to fall head over heels in love with this sophisticated-looking machine in Pure White Solid with Pale Cyan details.

The new bold 1,898cc engine, with its high-pressure fuel pump and intelligent electronic throttle control system, delivers smooth, powerful and efficient performance. The elegant hull and lighter-weight NanoXcel2® deck, combined with the remarkable RiDE® system, promise the most comfortable, stable handling you've ever experienced.

The FX HO is a true all-rounder, with features like the brand-new 7-inch Connex® display with Security and Enhanced Drive Control Modes, No Wake mode and Cruise Assist, luxury seating for three, a large, stable swim platform, an extra deep re-boarding step, dual grab handles, plenty of storage space that guarantee top-notch experience alone, with your partner, family or friends.

Aerodynamic shape

The capable hull of the FX model cuts through the water, providing stability on any trip. Impressively rigid and robust, it gives these machines awesome on-water performance with stunning acceleration, high top speed, great economy - and an even more comfortable ride.

Ride your way

Ride the way you want. Pop your handlebar up and stay standing in rough waters, head for the middle ground for an ultra-comfortable cruising experience, or go low when you're ready to race. Your screen is also adjustable, so you can change the performance and appearance to be a perfect match for whatever adventure you're on.

Luxury, comfort, footwell drainage - and easier re-boarding

From four-step, tilt-adjustable steering to a luxury three-person cruiser seat; from practical handlebar tie points to a large swim platform with a deeper, wider, softer, more comfortable step and dual handles for re-boarding; the FX HO really does have it all. It even has an industry-first footwell drainage system.

RiDE® system (Reverse with intuitive Deceleration Electronics)

The revolutionary RiDE® system transforms your riding pleasure, bringing a feeling of confidence to every rider... at every level. Simply pull the throttle lever on the right hand-grip to move forward and accelerate - pull the lever on the left grip to slow down or to reverse. Yes, it's really that simple!

Enhanced Drive Control Modes

Intuitive riding experience through the new Connex® display featured Enhanced Drive Control modes: Economy, Towing, Performance, Comfort, and Custom. The last allows you to pre-set a top-speed limit and an acceleration curve, making it the perfect partner for novice riders. Set a steady speed on longer trips for maximum economy.

Simple and sports-ready

The tow hook offers a higher tow point, which enables a new level of exciting water sports action. It's also easier to access, removes the need for a towing bridle and offers tidy tow line storage beneath. What's not to love there?

Engine

Engine type	1.9 Liter High Output; 4-stroke; 4-Cylinder
