

Expand your horizon.

Take a real leap forward into cruising luxury and style. The perfect equilibrium of power, smooth riding and design for comfort is characteristic for the FX Cruiser HO. The reimagined striking graphics in Light Gray Metallic will make you stand out, whilst the heady blend of features will bring you unequalled performance and widen your riding horizon.

Add some cutting-edge cool to your cruise. From our unique, revolutionary RiDE® system and lightweight hull to the exclusive electronic control systems and the newest top-notch 4-stroke 1,898cc engine, this super-powerful personal watercraft is packed with innovative technology and engineering.

- High Output, 1,898cc engine
- Longest, most comfortable hull in the range
- Revolutionary RiDE® system for intuitive control
- 7-inch display with Enhanced Drive Control Modes
- Unique 4-step tilt-adjustable steering system
- Luxurious 2-piece, 3-person tiered seat
- Audio integrated with control via display
- Smartphone synchronisation capability
- Easy access glovebox
- GPS chart plotter ready

FX Cruiser HO

Ignite performance. The new 7-inch touch screen Connex[®] display with Enhanced Drive Control gives you more options with Economy, Towing, Performance, Comfort, and Customizable drive modes. Attention to detail and sheer build quality add even more to the latest model in Light Gray Metallic. Enjoy performance and fun, together with the all-important rider comfort.

Expand your horizon.

Take a leap forward into cruising comfort and style with the FX Cruiser HO. The reimagined striking graphics in Light Gray Metallic will make you stand out, whilst the heady blend of powerful, High Output Yamaha engine, smooth-riding hull and revolutionary RiDE[®] control system will bring you unequalled performance and widen your riding horizon.

Feel the power of the new 1,898cc HO engine. Explore the agile, surefooted handling of the sleek hull design, coupled with a lightweight NanoXcel2[®] deck, the revolutionary level of intuitive control offered by our exclusive RiDE[®] system, as well as the ingenious electronic control systems and the enhanced display user interface. There will be no going back!

Your journey of discovery continues as you explore the remarkable brand-new 7-inch Connex[®] display with Security and Enhanced Drive Control Modes, the adaptive trim system, and a host of other features: extended stern platform, adjustable steering tilt, 3-person cruiser seat, pull-up cleats ... in short, a world of cruising pleasure.

Aerodynamic Shape

The capable hull of the FX model cuts through the water, providing stability on any offshore adventure. Impressively rigid and strong, it gives these machines awesome on-water performance with stunning acceleration, a higher top speed, greater economy, and an even more comfortable ride. Pair this with a lightweight NanoXcel2® deck and you've got all you need for incredible adventures.

Luxury, comfort, footwell drainage - and easier re-boarding

From four-step, tilt-adjustable steering to a luxury three-person cruiser seat; from practical handlebar tie points to a large swim platform with a deeper, wider, softer, more comfortable step and dual handles for re-boarding; the FX Cruiser really does have it all. It even has an industry-first footwell drainage system.

Enhanced Drive Control Modes

Intuitive riding experience through the new Connex® display featured Enhanced Drive Control modes: Economy, Towing, Performance, Comfort, and Custom. The last allows you to pre-set a top-speed limit and an acceleration curve, making it the perfect partner for novice riders. Set a steady speed on longer trips for maximum economy.

High Output, DOHC, 16V, 1,898cc engine

Power delivery from the large displacement, High Output 1,898cc engine is exhilarating – and the Hyper-Flow jet pump with its 3-blade impeller helps turn that power into electrifying acceleration. The Electronic Fuel Injection (EFI) gives the smoothest possible power output and efficient, economical running, even on regular unleaded fuel.

7-inch colour touch screen display

See the bigger picture in full colour on the largest screen we offer on a WaveRunner. It's GPS map-ready and complete with smartphone synchronisation.

30% more storage for even bigger adventures

We've designed around 30% more easy-access storage into our FX models - so your adventures can be longer and take you further. There are cleverly integrated, practical storage solutions all around: a very large watertight glovebox compartment, generous storage under the seats, at the bow and stern.

Engine

Engine type	1.9 Liter High Output;4-stroke;4-Cylinder
Supercharger	No
Displacement	1,898cc
Bore x stroke	88mm × 78mm
Compression ratio	11.2 : 1
