

Exhilarating 2-Stroke Power with lightweight agility.

You'll never forget the first time you ride a YZ250 2-stroke. With its stunning acceleration, outstanding agility and adrenaline-inducing performance, this dirt bike likes to play hard! On the motocross track this bike fears nothing and no-one. And when you're fun riding or practicing with your buddies, the YZ250 can do just about whatever you ask of it!

This bike has earned a worldwide reputation as one of the most competitive motocross bikes out there thanks to its lightweight handling, easy agility and explosive engine performance. The industry-leading KYB suspension features idealized low speed damping settings for a high level of traction and accurate feedback – and the 270mm front disc and high-specification front caliper give you outstanding control.

- Slimline bodywork
- Powerful braking system
- Industry-leading suspension
- High-efficiency air intake
- Race-bred ergonomics
- Duo-tone colour and new graphics
- 250cc YPVS 2-stroke engine
- Lightweight chassis

With its high efficiency air intake system and torque-boosting YPVS, the compact 250cc 2-stroke engine provides instantaneous throttle response and awesome acceleration, making this one of the most exciting dirt bikes you'll ever ride. And with its duo-tone colours and new graphics the YZ250 looks as good as it goes.

2-Stroke. 1st place.

The legendary YZ250 2-stroke is the kind of motocross bike that makes you want to just keep on riding. Whether you're racing, freeriding or just playing in the dirt, the YZ250's thrilling acceleration and super-agile handling make this one of the most exciting and enjoyable bikes you'll ever experience.

With pure race DNA flowing through it, the YZ250 is like nothing else. At some time in your race career you really need to see what this bike can do for you. You'll never forget the first time you ride a YZ250 2-stroke. Whether it's the stunning acceleration, outstanding agility or its adrenaline-inducing performance you'll understand why it's built up such a massive following all over the world.

The exhilarating 250cc liquid-cooled engine gives you an instant hit of power for holeshot-winning acceleration – and the YPVS (Yamaha Power Valve System) gives you plenty of torque at low to mid rpm. It's industry-leading KYB front forks and rear shock give outstanding traction with plenty of surface feedback – and the slimline bodywork and flat seat enable rapid weight shifting when braking, accelerating and cornering. Featuring classy duo-tone colours and new graphics, the YZ250 is ready to win.

Slimline bodywork

The YZ250 comes with slimline bodywork that gives this legendary 2-stroke a sharp and athletic look. The narrow fuel tank and radiator shrouds give a compact riding position that enables you to shift body weight rapidly for the highest levels of cornering agility.

Powerful braking system

The high specification front brake set up features a 270mm diameter disc and a rigid twin-pot caliper with large diameter 25,4mm pistons that ensure optimum braking performance. A lightweight 240mm rear disc minimizes unsprung weight reduces weight while delivering instant stopping power with plenty of feel.

Industry-leading KYB suspension

Yamaha's SSS (Speed Sensitive System) front forks are second to none. The YZ250's industry leading KYB suspension delivers plush low speed damping for more effective cornering performance, giving you a real advantage. Whatever the type of track, the YZ250's sophisticated front and rear suspension makes a real difference and gives you the ability to outhandle the opposition.

High-efficiency air intake

The YZ250's side panels, rear fender, seat base and rear frame have all been specially developed to enhance the flow of fresh air entering the airbox to ensure optimum intake efficiency. Together with a high efficiency exhaust system this system gives you holeshot-winning acceleration and explosive power right through the rev range.

Race-bred ergonomics

With its slim tank, narrow radiator shrouds and flat seat the YZ250 is one of the most agile handling dirt bikes. As soon as you get moving on this legendary 2-stroke you'll find it easy to shift your bodyweight when braking, cornering or accelerating – giving you a high degree of chassis control.

Duo-tone colour with new graphics

The slim bodywork is finished in premium duo-tone colour scheme featuring a combination of Icon Blue and dark blue and features wear-resistant in-mould graphics.

Engine

Engine type	Liquid-cooled; 2-stroke; Reed valve with YPVS; Single cylinder
Displacement	249cc
Bore x stroke	66.4 × 72.0 mm
Compression ratio	8,9 - 10,6 : 1
Lubrication system	Premix
Clutch type	Wet; Multiple Disc
Ignition system	CDI
Starter system	Kick
Transmission system	5-speed; Constant Mesh
Final transmission	Chain
Fuel system	Keihin PWK38S/1

Chassis

Frame	Semi double cradle
Front suspension system	Telescopic fork
Front travel	300 mm
Rear suspension system	link suspension; Swingarm
Rear travel	315 mm
Front brake	Hydraulic Single Disc, Ø270 mm
Rear brake	Single Disc, Ø240 mm
Front tyre	80/100-21 51M Tube type
Rear tyre	110/90-19 62M Tube type
Caster angle	27° 40
Trail	122 mm

Dimensions

Overall length	2185 mm
Overall width	825 mm
Overall height	1290 mm
Seat height	975 mm
Wheel base	1485 mm
Minimum ground clearance	360 mm
Wet weight (including full oil and fuel tank)	103 kg
Fuel tank capacity	7.0 L
Oil tank capacity	0.7 L
