

Agile Darkness

With their naked bodywork, agile handling and exciting torque-rich performance, Yamaha's Hyper Naked models give you aggressive looks with a thrilling ride. Featuring forceful styling with performance focused components, the MT-03 combines big bike status with lightweight versatility.

The radical face features dual slant-eye position lights and a compact LED headlight that make this one of the coolest looking bikes in its category – and with its mass-forward bodywork and fighter-jet style air scoops, the MT-03 is ready to take over the city.

A wide tank cover and optimal ergonomics enable you to fit snugly into the bike for a superbly comfortable ride – and to reinforce the big bike look and feel, the MT-03 is equipped with 37 mm upside-down forks for outstanding handling performance.

- Torque-rich 320cc EU5+ engine
- Dynamic mass-forward body design
- Newly designed tail unit for a refreshed MT DNA look
- Lightweight diamond frame
- Ergonomic and agile riding position
- Twin-eye position lights and LED headlight
- LCD display with smartphone connectivity
- 37mm upside-down front forks
- Long swingarm with optimal shock settings
- Lightweight LED flashers
- High quality look & feel

Sharp in the Dark

Yamaha's Hyper Naked bikes are built to thrill. With their stripped-back styling and adrenaline-charged performance, the MT models have stolen the hearts of riders all over Europe — and now the latest MT-03 is here and ready to dominate the city with its dark street presence and sharp agile handling.

Inspired by Yamaha's larger Hyper Nakeds, the MT-03's aggressive look comes straight from the Dark Side of Japan. Its predatory twin-eye face projects the moodiest stare, while upside-down forks and a wide-shouldered fuel tank underline the dynamic MT family look to make this the ultimate 300.

But what really makes this lightweight Hyper Naked so attractive and desirable is the fact that it's built with pure MT DNA, which means that every ride is a thrilling and addictive experience. You'll want to get out and ride whenever you can. Because this bike just loves to be ridden.

Torque-rich EU5+ 320cc 2-cylinder engine

Unleash your darkness with the MT-03's EU5+ 320cc liquid-cooled 2-cylinder engine, equipped with lightweight forged pistons with carburized con rods that deliver thrilling torque-rich performance. The light-feeling clutch makes the MT-03 even more fun when carving through the city, and an advanced fuel injection system ensures instant throttle response.

Aggressive styling and body design

There's absolutely no mistaking that this MT-03 is a full member of Yamaha's legendary Hyper Naked family. With its aggressive front light design, bold air scoops and sculpted fuel tank, this MT gives you the chance to become a true Master of Torque.

Dual eye positions lights and LED headlight

This MT-03 was born in the Dark Side of Japan and that's reflected in its twin-eye position lights that emphasize its dark and aggressive big-bike looks. And for excellent night-time visibility, there's a powerful centrally mounted LED headlight that burns a hole through the darkness to light up the road.

Dynamic mass-forward body design

Yamaha's Hyper Naked machines are instantly recognisable thanks to their athletic stance and muscular naked bodywork. The MT-03 features a sculpted fuel tank cover to fit snugly with the rider, while the lightweight air scoops and a newly designed tail unit enhance the look and mass-forward body design of this A2-ready MT.

Lightweight diamond frame

The compact diamond-type tubular frame combines low weight with immense strength, to give you sharp handling and easy manoeuvrability when it comes to slicing through the traffic. Plus, with its upside-down forks and optimal rear shock settings, the MT-03 is ready to take over the city and get your adrenaline flowing!

Ergonomic riding position

To be a Master of Torque, you need to feel at one with the machine. With its compact bodywork and low 780mm seat height, the MT-03 puts you 'in the bike' and offers an agile and thrilling ride in the city or out on the twisties. With a wide upper section and sculpted knee area, the fuel tank cover and high-mounted bars give an agile and ergonomic riding position.

Engine

Engine type	4-stroke; 2-cylinder; Liquid-cooled; DOHC; 4-valves
Displacement	321 cc
Bore x stroke	68.0 mm x 44.1 mm
Compression ratio	11.2 : 1
Lubrication system	Wet sump
Clutch type	Wet; Multiple Disc
Ignition system	TCI
Starter system	Electric
Transmission system	Constant Mesh; 6-speed
Final transmission	Chain
Fuel system	Electronic Fuel Injection
Maximum power	30.9kW (42.0PS) @ 10750 rpm
Maximum torque	29.5 Nm (3.0 kgf-m) @ 9,000 rpm
Fuel consumption	4.0 L/100 km
CO2 emission	94g/km

Chassis

Frame	Diamond
Front suspension system	Telescopic forks, Ø37.0 mm inner tube
Front travel	130 mm
Rear suspension system	Swingarm
Rear travel	125 mm
Front brake	Hydraulic single disc, Ø298 mm
Rear brake	Hydraulic single disc, Ø220 mm
Front tyre	110/70R17M/C (54H) Tubeless
Rear tyre	140/70R17M/C (66H) Tubeless
Caster angle	25°
Trail	95mm

Dimensions

Overall length	2090 mm
Overall width	745 mm
Overall height	1070 mm
Seat height	780 mm
Wheel base	1380 mm
Minimum ground clearance	160 mm
Wet weight (including full oil and fuel tank)	167 kg
Fuel tank capacity	14L
Oil tank capacity	2.50L

Screen & Connectivity	
Adaptive Cruise Control	No
Screen type	LCD
On-screen Navigation	Not available
Smartphone Connectivity	MyRide
