Experience the MAX.

Manufactured with pure MAX DNA and equipped with exclusive heated grips and a heated seat, this is Yamaha's ultimate 300cc Sport Scooter. With a new shaped screen as well as a restyled dashboard layout and a EURO5+ compliant engine, the dynamic XMAX 300 Tech MAX+ gives you an even more refined ride together with year-round riding comfort.

For even greater wind protection the XMAX 300 Tech MAX+ is equipped with an electronically adjustable windscreen that provides 95mm of stepless adjustment – while the redesigned front flasher housing and front spoiler also reduce wind buffeting. Together with the adjustable handlebars and spacious footboards, it's easy for XMAX 300 Tech MAX+ riders to achieve the ideal set up.

The new style dash features an easy-to-read colour 4.2-inch TFT display alongside a 2.8-inch LCD screen. Full connectivity gives you access to free Garmin navigation* via smartphone as well as calls, messages, music and more. And with traction control, ABS and a new Emergency Stop Signal (ESS), XMAX 300 Tech MAX+ is fully equipped for every ride! (*The navigation app will not be available in some countries. Information on speed limits, traffic, etc., is not provided in some countries and regions. Speed limit data may also not be updated in a timely manner and speed limits may change depending on the time of day, such as in school zones or around construction sites.)

Heated grips and heated seat

When you invest in the XMAX 300 Tech MAX+ you can expect the very best in terms of style, quality and technology. And with its exclusive heated grips and heated seat the Tech MAX+ is also one of the most comfortable Sport Scooters in the class. Together with its wind beating screen and dynamic sports bodywork, the heated grips and seat make this high-end model the ultimate year-round commuter and leisure model.

Electrically adjustable screen

MAX models are renowned for their extremely comfortable ride quality, and the XMAX 300 Tech MAX+ is equipped with an electronically adjustable screen that gives effective wind protection. With 95mm of range, this screen can be raised and lowered at the push of a switch on the left handlebar to suit different riding styles and physiques. The integrated flashers are also redesigned to give improved wind protection for the rider's arms, and the fairing nose and spoiler are restyled to help eliminate wind buffeting.

Premium Tech MAX+ finishing

All over this premium Sport Scooter you can see a wide range of special features and details that are exclusive to the Tech MAX line. The spacious footboard area is equipped with aluminium footplates, and the mirrors and grip ends highlight this scooter's excellent build quality. There's also a special lid on the front storage compartment, and Tech MAX emblems complete this class-leading package.

Dedicated Tech MAX+ colouring

As well as its higher specification and array of special equipment and refined style, the XMAX 300 Tech MAX+ is also offered in dedicated colours that reinforce its position as the premium Sport Scooter in the class. Whether you select Ceramic Grey or Dark Magma, you can be sure that your new Tech MAX+ is going to generate that feel good factor and exceptional pride of ownership every time you ride.

Restyled dashboard

Day or night, commuting into the city or enjoying a weekend ride, the stylish Tech MAX+ dash gives you clear information. Featuring a revised layout with the 4.2-inch full colour TFT display on the right side and the 2.8-inch LCD readout on the left, the latest instrumentation gives you a wide range of machine running data and information on the various connectivity functions.

Smartphone connectivity

When you're riding the XMAX 300 Tech MAX+ it's easy to stay connected with friends, family and work colleagues via the free MyRide app. Your smartphone and the machine establish a Bluetooth connection to receive calls and messages – as well as listen to music* and access a wide range of information and more through the 4.2-inch colour TFT display. (* Responding to calls and/or listening to music requires a headset connected via Bluetooth®.)
