

TMAX

MAX is in details.

The TMAX story began a quarter of a century ago when Yamaha created a new kind of model which blended advanced motorcycle technology with scooter accessibility and convenience. And since that day the TMAX has been enhancing the lives of the hundreds of thousands of riders who just love its style, performance and adaptability.

With its powerful 560cc EURO5+ engine and lightweight aluminium die-cast frame, the multi-role TMAX delivers outstanding acceleration together with impressive speed – making it an ideal choice for long distance commuting, weekend leisure riding and touring. And you can make it your own with Yamaha Genuine Accessories.

- 560cc EURO5+ compliant engine
- Rider's aids
- Dynamic Sporty Design
- Connected 7-inch screen
- Garmin navigation
- Comfortable ergonomics
- Large diameter disc brakes
- Lightweight aluminium frame
- D-MODE & Traction Control
- Large storage space
- Smart Key keyless operation

Its luxurious ergonomics ensure premium riding comfort for you and your passenger on short and long trips, seven days a week. And with a high standard specification including connected TFT instruments with free Garmin Navigation*, as well as Brake Control (BC) for riding confidence, the TMAX takes Sport Scooter design to the next level. (*Full map Garmin Navigation is available free of charge for eligible TMAX models but is not offered in all countries. Some navigation features are not available in all countries.)

MAX is in details.

For a quarter of a century this iconic Sport Scooter has continued to inspire unrivalled passion amongst its dedicated followers all over Europe. With its winning formula of sports performance, class-leading comfort and outstanding ride quality, TMAX continues to lead the way.

To reinforce this legendary model’s unrivalled status the TMAX features a dynamic look with a sharp front end. The dual-eye headlights and tight bodywork reinforce the aggressive sports style – and the 3-themed TFT dash features free Garmin Navigation* and smartphone connectivity. (*Full map Garmin Navigation is available free of charge for eligible TMAX models but is not offered in all countries. Some navigation features are not available in all countries.)

For smoother acceleration with a crisp and quiet sound the 560cc 2-cylinder EURO5+ engine comes with a dedicated clutch and exhaust. And with its electronic Brake Control (BC) system that ensures effective braking control at all riding speeds, this is the most advanced TMAX ever built.

TMAX

560cc EURO5+ compliant engine

The TMAX is driven by a compact 560cc 2-cylinder engine that produces 35kW, giving smooth and powerful 'twist and go' performance. The latest design is fully EURO5+ compliant, making it ideal for commuting into city centres with low emission zones. A specially designed centrifugal clutch ensures that the fully automatic transmission delivers seamless acceleration – while the exhaust provides a quiet low rpm operation.

Rider's aids

Each generation of this legendary Sport Scooter has been continuously upgraded with cutting edge electronic control technology, and the latest version benefits from a Brake Control (BC) system activated by an Inertial Measurement Unit (IMU). By ensuring the most effective braking performance at all speeds, the Brake Control enables you to enjoy the TMAX's performance to the MAX!

Dynamic sporty design

TMAX is continuously evolving, and the latest generation of this iconic machine features a sharp front end that underlines its dynamic good looks. The piercing dual-eye headlights and position lights – together with front bodywork – give a compact and sporty look, reaffirming this legendary model's status as the ultimate multi role Sport Scooter.

Connected 7-inch screen

The 7-inch TFT dash has three different screen layouts, enabling you to select the option showing information that is most important to you. The connectivity via the MyRide App enables you to keep in touch with friends, family and work, and access a wide range of functions and services including a riding log, fuel consumption, parking location and more.

Garmin Navigation*

TMAX riders can enjoy the benefits of full-map Garmin Navigation*, now completely free of charge through the Garmin Motorize App available to download on your Apple on Android phone. Garmin Motorize brings your TMAX the functionality that you find in Garmin devices, like traffic, weather and POI's. You'll be fully informed on every journey – whether commuting, leisure riding or touring. (*Full map Garmin Navigation is available free of charge for eligible TMAX models but is not offered in all countries. Some navigation features are not available in all countries.)

Comfortable ergonomics

With its spacious interior, natural riding position and high specification motorcycle-style frame and suspension, the TMAX delivers an unrivalled ride quality. The large footboard area lets you choose from a range of sporty or relaxed riding positions, and the deeply padded dual seat with an adjustable rider backrest makes this iconic Sport Scooter one of the most comfortable ways to travel!
