

Wolverine® RMAX™2 1000 Sport

Reimagine everything.

The Wolverine® RMAX™2 1000 Sport is equipped with a powerful 999cc parallel twin engine that ensures a thrilling and smooth ride. Designed for aggressive and spirited riding, this machine hits a red line at 8500 rpm, delivering performance that thrills the soul. Riders can rely on Yamaha's renowned engine durability and reliability, enjoying every moment with complete peace of mind.

Yamaha's Ultramatic® transmission enhances the off road experience, offering superior capability with its centrifugal clutch and constant-tension belt system. Backed by a 10-year belt warranty, this system ensures smooth handling of high-rev challenges or a lower gear for added torque in tough conditions. This means less frequent gear switching and more time enjoying the adventure.

- Brutal, class-leading 999cc machine
- 3 drives modes for selectable power supply
- Fully adjustable sport suspension
- Top-level capability with an imposing stance
- Race-inspired styling with premium interior
- More precise handling with adjustable EPS
- Improved brake system
- Fully loaded with Yamaha Off Road technology
- T-category homologation optional

Wolverine® RMAX™2 1000 Sport

Inside, the Wolverine® RMAX™2 1000 Sport features a premium sport interior that elevates comfort and style. Riders and passengers will appreciate the automotive-style soft touchpoints, high-quality handholds, and a centre-mount rearview mirror. The colour-matched blue interior lighting and ultra-plush cut-and-sew seats in Yamaha Blue ensure a luxurious feel, making every backcountry journey comfortable and stylish.

Reimagine everything.

The Wolverine® RMAX™2 1000 Sport features a powerful 999cc parallel twin engine that delivers class-leading, ultra-smooth performance. With a red line at 8500 rpm, this machine is designed for aggressive and spirited riding. Add a highly adjustable sport-tuned suspension and FOX® 2.0 shocks and you're adventure ready. Plus, the engine's durability and reliability ensure complete peace of mind for the rider.

#DRIVENBYFREEDOM

Equipped with Yamaha's Ultramatic® transmission, the Wolverine® RMAX™2 1000 Sport offers unmatched off-road capability. The CVT system includes a centrifugal clutch and a constant-tension belt system, backed by a 10-year belt warranty, making gear switching less frequent and off road adventures more fun. Enjoy seamless handling of obstacles at high revs and choose a low gear for increased torque in challenging conditions.

Super striking in Team Yamaha Blue with ultra stylish wheel accents, the Wolverine® RMAX™2 1000 Sport also offers a premium sport interior for comfort and style. With ultra-plush cut-and-sew seats in Yamaha Blue, both driver and passengers can tackle rugged backcountry adventures in ultimate comfort and style. Pair that with 3 drive modes and adjustable EPS and you're set for anything the terrain can throw at you.

Wolverine® RMAX™2 1000 Sport

Powerful 999cc parallel twin engine

The impressive power of the 999cc, DOHC, 8-valve parallel twin-cylinder engine offers class-leading, smooth performance across the entire power band. With a red line at 8,500 rpm, this machine is built for dynamic and spirited riding. Yamaha's legendary durability and reliability provide riders with complete peace of mind.

The toughest Transmission

Yamaha's Ultramatic® system offers unparalleled off road capability, backed by the industry's only 10-year belt warranty. The CVT system features a centrifugal clutch designed to handle the powerful 999cc engine, coupled with a constant-tension belt system that tackles high-rev obstacles without belt damage. When extra torque is needed, the low gear is ideal for challenging conditions, ensuring less gear switching and more enjoyable rides on any terrain.

3 drive modes - 1 ultra-versatile machine

Yamaha's Chip Controlled Throttle (YCC-T) works seamlessly with the Ultramatic® transmission and On-Command systems, providing perfect power delivery in any situation through its 3-position D-Mode control, offering versatility for various riding styles and terrains. Choose Sports Mode for wide spaces and spirited driving – Trail Mode for a fun, relaxed ride – or Crawl Mode for slow-speed technical tasks like rock crawling.

On-Command® system - Turf mode

In addition to the 2WD/4WD/diff-lock modes the On-Command system also has Turf mode. Turf mode unlocks the rear differential, offering a tighter turning radius and reduced turf damage. Grass, breathe easy, you're safe!

FOX® 2.0 fully adjustable suspension

The Wolverine® RMAX™2 1000 Sport includes dual spring piggyback FOX® 2.0 shocks with adjustable high- and low-speed compression and pre-load adjustment. This suspension delivers a sporty feel with high-speed bottoming resistance, without compromising on low-speed comfort and compliance.

EPS assist

The enhanced Electric Power Steering system offers three adjustable modes: high, standard, and low, ensuring precise steering input, confidence, and control across all terrains. In 4WD/front diff-lock mode, it provides maximum steering assistance for the most demanding conditions.

Wolverine® RMAX™2 1000 Sport

Engine

Engine type	Liquid-cooled; 4-stroke; DOHC; Parallel Twin
Displacement	999cc
Bore x stroke	93.0 mm x 73.5 mm
Compression ratio	11.2 : 1
Ignition system	TCI
Lubrication system	Dry sump
Starter system	Electric
Transmission system	Yamaha Ultramatic® CVT automatic V-belt all-wheel engine braking (L/H/N/R)
Drive system	On-Command® Turf mode, 2WD, 4WD, 4WD with Diff-lock
Final transmission	Shaft
Fuel system	Mikuni fuel injection with dual 48mm throttle bodies

Chassis

Front suspension system	Independent Double Wishbone with Anti-Sway Bar, 361 mm of wheel travel /FOX 2.0 piggy back shocks with pre-load, high/low speed compression adjustability
Rear suspension system	Independent Double Wishbone, 429 mm of wheel travel /FOX 2.0 piggy back shocks with pre-load, high/low speed compression adjustability
Front brake	Dual ventilated hydraulic disc
Rear brake	Dual ventilated hydraulic disc; Shaft mounted parking brake
Front tyres	AT30 x 10-14 GBC® Terra Master®
Rear tyres	AT30 x 10-14 GBC® Terra Master®

Loading limits

Cargo bed	272 kg

Wolverine® RMAX™2 1000 Sport

ATVs with engines up to 50cc are recommended for use only by riders 6 years and older and always with adult supervision. ATVs with engines of 90cc or greater are recommended for use only by riders 16 years and older. Our Side-by-Side Vehicles are recommended for use only by riders of 16 years and older. ATVs and Side-by-Side Vehicles are built to operate within their design limits. Safe towable weights, together with maximum carrying capacity are identified in the owner's manual if applicable. For durability, reliability, but most important of all, operator, and passenger (for Side-by-Side Vehicle only) safety, under no circumstances should the recommended capacities be exceeded. ATVs can be hazardous to operate. ATVs and Side-by-Side Vehicles are designed for unpaved surfaces only. Riding on paved surfaces may seriously affect handling and control and can cause loss of control. Always wear a helmet, eye protection, and protective clothing. Never carry any passengers on ATVs and always wear a seatbelt when riding a Side-by-Side Vehicle. Never engage stunt riding. Riding and alcohol/drugs don't mix. Avoid excessive speed. And be particularly careful on difficult terrain. Please 'tread lightly': always ride in a responsible manner, respecting the environment as well as country and local laws. Yamaha recommends that all ATV and Side-by-Side Vehicle riders take an approved training course. For safety and training information, see your dealer or call your Yamaha Distributor in your country. The specification and appearance of Yamaha products will be varied from time to time without notice, and those shown here are for illustrative purposes only and are not contractual descriptions of products. Some models are shown with optional accessories. The riders in the images shown are professionals: don't attempt to emulate them. All ATVs and Side-by-Side Vehicles come with a 2-year Limited Factory Warranty. Please note that this warranty excludes coverage for sport models used in competition or racing activities. See your dealer for details.
